## BACKGROUND FOR SPECTRUM 2019

**SPECTRUM 2019** IIMM Chennai, Branch is being conducted successfully since last 10 years, covering variety of topics delivered by experts from the field.

Supply Chain Management touches major issues, including the rapid growth of business and strategic partnerships, regulatory changes, global expansion and sourcing, fluctuating petroleum prices, rapid currency fluctuations and environmental concerns, each of these issues dramatically affects corporate strategy and the bottom line. Because of these needs, Supply Chain Management (SCM) is the most critical business discipline in the world today. This is now coupled with digital environment to improve on the SCM intelligence.

The Spectrum 2019, event focuses on topics to bring awareness, innovative approach and modern trends to enable SCM Manager to improve their performance.

Every organization is scouting for the right SCM Manager's with the required competency and skills, to manage these challenges. IIMM has taken notice of this gap, due to their regular contacts with industry, and has accordingly designed this event to address those gaps.

# Join and Deliberate with SCM Fraternity

## ABOUT THE EVENT

Indian Institute of Materials Management (IIMM) is organizing a two-day national event "SPECTRUM 2019" with the theme "**Multi disciplinary intelligent Supply Chain for Business Growth**" to enrich the knowledge of SCM Executives and to develop intelligent strategies complementing business dynamics for growth.
