## About IIMM

Indian Institute of Materials Management (IIMM) through its wide network of 52 branches and 20 chapters spread all over the country and with more than 10,000 members, represents a wide spectrum of professionals engaged in the various facets of Materials Management and responsible for planning, sourcing, control and Distribution of materials and services. IIMM through its various training and educational courses is striving to equip these professionals with the latest tools and techniques needed to develop new and innovative approaches to Supply Chain..

## About the Course

In an expanding world economy where trade barriers fall and markets become increasingly fragmented, the future belongs to the business that can offer best value for lowest cost at least amount of time. *Time* is a crucial source of competitive advantage and only with it a firm or institution can compete in the present-day global business environment. Like cost, *Time* is also manageable. Being a *cost centre*, efficient receipts management is of prime importance.

The take away from this course will enable participants to understand the nuances of the aspects to bring in developing new strategies and fine tuning for a seamless supply chain, through ***Managing Stores effectively.***
